### **A Message from your President;**

Spring has sprung? It snowed this morning! Well, you can't ever outsmart mother nature.

Doane registrations are continuing to come in; we are up to the 120 mark. Several classes are already full, but there are plenty of good choices available if you haven't made up your mind yet. It would be fantastic if the number would rise to at least 150. If you haven't experienced Doane there isn't a better time to sign up than now.

The board is continuing in its search for another weekend seminar of 1-3 days in length. We have a number of potential instructors whom we are in communication with. When we have more details we will share them with everyone. Whom ever the instructor is, it will be a great learning opportunity so stay tuned.

We have set a tentative date for our annual picnic of May 12. As soon as final details are set we will let you know.

We are still in need of volunteer instructors for our Saturday meetings. Take the plunge and come up with a super project to share with everyone. If you need help just ask and we will do whatever we can to assist you.

Now that spring is here, our attention turns to outdoor tasks and activities, but please don't forget the club and our Saturday meetings. We need your support and participation, and don't forget to invite someone who has an interest in carving and/or someone whom you haven't seen at the meetings for a while. The success and future of our club depends upon everyone's attendance and participation.

Finally, it isn't too early to start planning your projects for the fall show. It will be here before you know it.

Blessings and Happy Carving,  
Ken Armsbury

### **Meetings:**

First & Third Saturdays of each month 9am - 1pm

# CLUB NEWS

## A Moment of Silence

We are saddened to have to say good-bye to one of our members. Dean Walden from Richardson, Texas passed away on March 5. Tom Noller wrote, "He attended the Doane Experience for more than 15 years and was a great ambassador for it down here in TX where he got several new people to participate. He will be sorely missed by all. "

If you ever had a class with Dean, you will remember his sense of humor and his smile.

## WE DO NEED YOU!

We have need of some volunteers. We still need someone to volunteer for the 2nd VP position. Don't be afraid, we have a great board to work with. Tom Paskach has volunteered to be advisor for the person who will chair the Fall Show. We also need organizers for the Picnic, and Christmas in Germany. You won't be alone, we have people that will step up and help. We just need YOU to delegate what needs to be done.

## Doane Question:

### Q: What should I bring for my room?

You can bring your own sheets if you prefer! 2 flat sheets and a pillowcase are provided. If you are like me, the bottom sheet is on the floor by morning! So I would recommend at least a fitted twin sheet for the bottom.

Bringing bigger bathroom towels for the shower is nice, also.

If you have a question that you would like answered about Doane, please submit it. Chances are someone else might be wondering the same thing.

## NEW MEMBERS

We would like to send out a **warm welcome** to NEW and returning members to our club.

## The Economics of Doane

Unfortunately as everything in life seems to cost more, so does our trip to Doane. But on that note, just think about it. If you go to other seminars you only pay for the seminar, but then you also have to pay for hotel costs, food every day, and transportation is needed to get to the food. Just think about the cost of hotels...they've gone up; the cost of food, you know that has gone up everywhere. So when you sign up for Doane all of that is included! The only extra cost depends on which class you take.

So if you are on the fence about attending, just think about the simplicity of having it all taken care of for you! It's the best deal around!

### What does YOUR club do?

It seems that technology is at the forefront of everything. Our phones are smarter than we are, 3-d printing is at our libraries, computers on our wrist? Young people today can't understand how you can leave your phone at home because you don't need it, while theirs are glued to their hands!

It seems as if hands-on doesn't mean the same thing anymore. How does your local club get new people involved with your club. What do you do to grow your membership? Send us a message from your local club if your ideas have worked and we will publish these ideas to help all of the clubs that are a part of Mid-America Woodcarvers, Assoc.
